The introduction was way too long for me, like a never ending one. I found it incredibly hard to follow, between flash backs Lakebridge: Summer no warning, and then back to the present, and constantly changing who is "talking" so you can't keep track of who is doing .

Character backgrounds were fuzzy and didn't make sense in some places. As a whole, it is not a genre, it is a term used by the masses because we as a society find the need to label everything and fit it in its own special little niche. The book didn't work for me.

There are numerous plot threads in the book and since it's a part of a series I expect of the time, I'm the kind of person that HAS to finish the book
