Unfortunately, when I found myself in an environment more conducive to reading, I still didn't like the book. I don't begrudge anyone their enjoyment. He is also a member of the Science Fiction Hall of Fame.

I get that Gene Wolfe is smarter than I am. And I've never done anything else by.

It is a very great strength. The book doesn't sound half bad when summarized, but the reading of it is a different experience altogether. Or should I read this after all?
