Much as I loved it, though, I have to give Mr. They are sometimes able to derail political candidates, injure companies and reputations, even damage democratic governance. Moreover, he argues, libel and misinformation can now spread at an unprecedented speed, with no way to keep its authors in check.

It was out of Stoic influence that Romans spoke of error when substantial and dangerous. If all you are interested in are the ideas or if you are a teacher and your target audience is middle or high school students, pick this one, which IMV is easy, accessible and brief. Informational cascades - i.

A short page booklet using some light economic theorizing to model how rumors spread on intellectual turf he has staked out, bounded by law, social regulation and pop psychology, seems played out—so perhaps he should let it lie fallow awhile.
