While money is a huge driving factor, what makes most people tick is making progress in the company and going up the career ladder. Rewarding employees promotes healthy competition and motivates them while meeting business goals.

We call it value innovation because instead of focusing on beating the competition

More than reviewing performances, consider this as a relationship building tool to ensure you are aligned with your team and are working towards a shared, common goal.

Communication is a lot more than just language and talking.

Who is a strong communicator?

Your doubts and hesitations will infect your execution. In order to avoid such cases, you must lay down rules against discrimination and take strict action against accused employees.
