The P, also named the Fork-Tailed Devil, is one of the most easily identified warbirds ever. Today the world's sole operator of the F is the Imperial Iranian Air Force, which acquired 79 when Iran was an American ally, and still maintains 19 of them in flying condition. The two-seat fighter could carry twice as much as a B during World War II and participated in conflicts spanning Vietnam all the way to Desert Storm.

One of the most successful fighter designs of the Cold War era, the Mirage F1 is a Willy Messerschmitt's best known product began life as a four-seat civilian sportplane known as the Me "Taifun. From the public domain:

The era of the F is still going strong as the multirole fighter remains in production. In addition to being well suited for carrying supplies, the C was ideal for dropping paratroopers, with its wide rear door located between the left wing and elevator.
