The natural law consists of an objective and universal moral code, the fundamental precepts of which are embedded in human nature and which are discernible by the natural reason common to humanity. There has been some fledgling reconsideration of this heritage in recent years in my own Reformed tradition, and it is very encouraging to see similar discussions taking place among Lutherans.

To the contrary; those who hold to the natural law believe that for a law to be just, it must be based on the natural law. Alison rated it really liked it Oct 13, What is the Natural Law? These essays on natural law—some enthusiastic, some cautious, others skeptical—are a wonderful contribution to the literature and should help to stimulate important conversations about this perennial issue for years to come.
