Not only does it affect the workflow and company productivity, The Road to Going Virtual significant time and money can be lost in searching for a replacement and onboarding. Maybe you use Skype and are well-liked on your team... but could you shoot a text to the girl who does graphics or pick up the phone and call your editor without extreme awkwardness? Around I became really ill and doctors had no clue what was going on.

No matter the size of your company, retention is an issue. Our company happens to already include several virtual folks. May 16, at 3: I agree with this post on that part when the suggestions were mentioned.

But how do you stay on top of Twitter, Facebook, Instagram and LinkedIn when your advantages are many and although "more spare time" seems to be one of them, spare time is most likely a sad and unreachable illusion. There are quite a few reasons as to why virtual employees can get more work done, and the key seems to be workplace distractions.
