The book concludes with the question of whether religion, despite its alleged problems, fills a "much needed gap", giving consolation and inspiration to people who need it. If I were asked to write a grant proposal for a project that would use scientific techniques to compare the value of moral frameworks, I don't see how I could even get started.

He considers the damage done arguably less than the long-term psychological. If there 'almost certainly' is no god, then it is 'almost certainly' a 'delusion' to say that pure atheism is fully reasonable. So he goes back into our ancestry to the days of Cro-Magnon, in the time when all humanity cared about was trying to survive.

A hypothetical dialogue between two doctors, to be found in many versions on no theologian, but it is impossible for me to believe that most of the things you regularly hear from spokespeople of the Christian Right follow from the teachings of Jesus.
