The Japanese Version | Kanopy

According to a friend who runs a small record label that occasionally does business in Japan: it's because it is invariably cheaper for Japanese.

LI5 means friendly, simplified and layman-accessible explanations - not responses aimed at literal five-year-olds. Without the extra tracks, Japanese retailers are reluctant to sell the CDs knowing that a large portion of the potential purchasers will simply be importing the product. Japanese labels and publishers KyuuyuunoTegami (Japanese Edition) therefore try to add something extra to the Japanese version to discourage people from going that route. There's still a culture of buying physical copies of the media you consume. GeekAnimator - for a really thorough explanation, see here [warning, Geocities](#). Price floors should really only be used in emergencies to be honest. I don't think they understand that record collector fans will buy alternate versions of records to complete their collections, artists will often have an unreleased track, remix, KyuuyuunoTegami (Japanese Edition) alternate version of songs and artwork to make it worthwhile for the collector to spend money on the import.
